

Section 1: Abrasive Blasting Work Summary

Purpose This Abrasive Blasting Permit Form must be completed and approved to obtain permission prior to commencement of abrasive blasting and spray painting works at Southern Ports. An Authority to Work is required in addition to this Abrasive Blasting Permit for works requiring simultaneous operations or for any works conducted by Contractors.

Permit Requestor The *Permit Requestor* is to complete this section.

Requestor Name		Contact Number	
Position in Company		Application Date	
Proposed Start Date		Proposed End Date	
Work Order or Scope		Permit Number	

Works

Location		Port	<input type="checkbox"/> Albany <input type="checkbox"/> Bunbury <input type="checkbox"/> Esperance		
Description of Works					
Type	<input type="checkbox"/> Dry <input type="checkbox"/> Wet	<input checked="" type="checkbox"/> Surface	<input type="checkbox"/> Paint <input type="checkbox"/> Concrete <input type="checkbox"/> Marine Growth <input type="checkbox"/> Other (specify):		
Material	<input type="checkbox"/> Australian Garnet <input type="checkbox"/> Water <input type="checkbox"/> Steel <input type="checkbox"/> Silica (attach SDS) <input type="checkbox"/> Other (specify):				

Abrasive Blasting Chamber

Could the Abrasive Blasting be undertaken offsite in an Abrasive Blasting Chamber registered with the Department of Conservation & Land Management?

Yes No Explanation:

Safe System of Work

The *Permit Requestor* is to submit safe system of work documents for the task, including any supporting documents such as rescue plans and traffic awareness plans, as required.

Job Hazard Analysis Safe Work Method Statement Rescue Plan Traffic Awareness Plan
 Other (specify)

Section 2: Work Preparations

Preparations The following preparations must be made prior to commencing the works, as applicable.

#	Preparations	Yes	N/A
1.	Warning signs and barricading will be in place around the blasting area.	<input type="checkbox"/>	<input type="checkbox"/>
2.	Shrouding and tarpaulins will be used to fully enclose the works and prevent escape of airborne debris.	<input type="checkbox"/>	<input type="checkbox"/>
3.	Work areas over water will have containment measures such as boarding across the base and edges.	<input type="checkbox"/>	<input type="checkbox"/>
4.	Paints containing organotin or other anti-fouling compounds have been discussed with the Port <i>Environment Manager</i> . Where heavy metal protective coatings such as organotin are removed, particular care will be taken to prevent waste material from entering marine or stormwater systems.	<input type="checkbox"/>	<input type="checkbox"/>
5.	If wet blasting, the blasting material must be free from corrosion inhibitors containing chromate, nitrate or nitrite . Flow of water will be maintained at all times to ensure that there is no visible emission of dust when the operation is viewed from nearby.	<input type="checkbox"/>	<input type="checkbox"/>
6.	The abrasive blasting material contains less than 2% free silica (as required under the Environmental Protection (Abrasive Blasting) Regulations 1998.)	<input type="checkbox"/>	<input type="checkbox"/>

Chemicals

1.	Silica	<input type="checkbox"/>	<input type="checkbox"/>
2.	Other (specify)	<input type="checkbox"/>	<input type="checkbox"/>

Recovery and Waste Management

1.	Spent media, waste water and waste will be recovered from all surfaces at the end of each shift or if it appears likely that wind and rain will remobilise waste material.	<input type="checkbox"/>	<input type="checkbox"/>
2.	All used abrasive and waste products generated will be contained in enclosed bins (or similar) and securely stored before appropriate disposal to an approved facility.	<input type="checkbox"/>	<input type="checkbox"/>

Section 3: Requestor Acknowledgement

Requestor I acknowledge the requirements of Southern Ports to identify and control risks and work in a safe manner at all times. I confirm the company has satisfactory documented safe systems of work in place, that all required permits and licences are in order and understood, and that I will comply with any special conditions stated in the statement of approval.

Company Representative Name		Date	
Company Representative Signature		Time	

Section 4: Statement of Approval

Permit Approver

I am satisfied that the contractor information provided to me is sufficient to show that the contractor has a system in place to fulfil their legal obligations to conduct works in a safe manner. The Permit is approved subject to the conditions below.

Southern Ports Representative Name		Date	
Southern Ports Representative Signature		Time	

Conditions

<input type="checkbox"/> A copy of this Permit must be kept with the party during the works to be shown to Southern Ports Personnel on demand.
<input type="checkbox"/> Works will cease immediately if weather conditions are such that the blasting media is not able to be contained.
<input type="checkbox"/>

Notifications

Notification will be given to stakeholders and affected workers conducting simultaneous operations in the vicinity.

<input type="checkbox"/> Health & Safety <input type="checkbox"/> Environment <input type="checkbox"/> Security <input type="checkbox"/> Engineer <input type="checkbox"/> Maintenance <input type="checkbox"/> Harbour Master

Section 5: Statement of Completion

Completion

I acknowledge the requirements of Southern Ports were carried out according to the Permit.

Southern Ports Representative Name		Date	
Southern Ports Representative Signature		Time	

Comments

The original Abrasive Blasting Permit is kept on site and returned to the *Southern Ports Representative* on completion. A copy of the Abrasive Blasting Permit is controlled by the *Issuer*.
